Dear Prof. Saeedvand,

I hope you are doing well. I am writing to express my interest in the **TEEP internship** at the **Educational Robotics Center (ERC)**. I recently learned about the program and am very excited about the opportunity to work on **robotics and reinforcement learning (RL)**, especially the **Sim-to-Real challenge**.

I am a **third year Artificial Intelligence and Machine Learning (AIML) student** and eager to gain hands on experience. I am ready to work for up to **six months** and willing to **learn and contribute** as needed.

I have attached my **CV** for your review. Please let me know if you need any more details. I look forward to your response.

Best regards,

MOHANASUNDARAM G

Dear MOHANASUNDARAM,

It is nice to hear your interest. Please contact one of our Ph.D. students (Ugo, ugo.roux31@gmail.com) at the lab to set a short meeting at an available time to discuss possibilities for my different projects, and then write back to me.

Best Regards,

Saeed Saeedvand, Ph.D.
Assistant Professor,
Electrical Engineering Department,
National Taiwan Normal University (NTNU), Taiwan
