## **EDUCATION**

Sri Eshwar College of Engineering-B.TECH [AI-DS]	CGPA 8.21	2023 - 2027
Sairam Mat Hr Sec School -HSC	91.5%	2021 - 2023
Sairam Mat Hr Sec School -SSLC	90%	2020 - 2021
INTERNSHIP		

Lysa solution: 2025

- Developed a **MERN stack Chat application** with real-time messaging and user authentication, demonstrating full-stack development skills.
- Gained **hands-on industry experience** by collaborating in an agile team environment and contributing to scalable, production-ready software

**PROJECTS** 

GREEN HORIZON: 2024

- Developed a **Web app for farmers** integrating AI-driven plant growth stage prediction, disease detection, and crop recommendations.
- Built and deployed **Flask APIs** with **TensorFlow CNN models** for real-time image-based plant health analysis and smart fertilizer suggestions.
- Integrated **Firebase** for user authentication and cloud storage, and used **Gemini API** to deliver dynamic, contextual farming insights via a user-friendly dashboard.

EMOTUNE: 2025

- Developed a Web app leveraging Wav2Vec2 (Hugging Face) for real-time speech emotion recognition from user audio input.
- Designed Flask-based REST APIs to process audio, perform ML inference, and connect with the Gemini API to deliver personalized recommendations (music, books, wellness tips).
- Implemented Firebase Authentication and Firestore for secure multi-user support, emotion history tracking, and dynamic mood visualization dashboards.

INTELLIJOB: 2025

- Built a MERN platform that analyzes resumes using **NLP** techniques for keyword extraction and matches user skills with job listings via the **JSearch API**.
- Designed a responsive **React.js** frontend with **Node.js** backend, supporting real-time job fetching, resume uploads, and personalized user dashboards.
- Integrated **Firebase authentication**, **MongoDB** storage, and cloud services for secure login, user data management, and seamless job recommendation delivery.

## CERTIFICATIONS

Certification on C, C++, Python Code Galata	2024
Certification on Database and SQL for Data Science   COURSERA(IBM).	2024
Certification on Data Structure and Algorithms Using C and C++ UDEMY.	2024
Certification on Supervised Learning   COURSERA(STANFORD)	2025
Certification on Advanced Learning algorithm   COURSERA(STANFORD)	2025
Certification on Unsupervised Learning   COURSERA(STANFORD)	2025
ACHIEVEMENTS	

## **ACHIEVEMENTS**

HACK SUMMIT 5.0: Secured <u>runner-up</u> position in 36-hour hackathon organised by Temenos Pvt Ltd.

**FRESHATHON**: Won 1<sup>st</sup> **prize** as a team at Sri Eshwar College of Engineering **CODEFIESTA**: Secured 5<sup>th</sup> **place** as a team at Sri Eshwar College of Engineering

LEETCODE: Max Contest Ratings – 1500+ | 200+ problems solved

SKILL S

**Programming skills:** React, C, C++, Python, Flask, SQL,

**Tools:** Git, GitHub, Firebase, MongoDB, Jupyter Notebook, VS Code, Power BI, Tableau , Vercel and Render Core: Data Structures and Algorithms | OOPS | DBMS | Machine learning | NLP | Deep Learning | LLM
